VOL. 14, NUMBER 39 — MONESSEN, PA., THURSDAY, JULY 29, 1915 — SIX CENTS THE WEEK

Good Program Presented By Ben Greet Players

Every seat in the large Chautauqua tent was taken for the entertainment last evening while a noticeable increase was evident in both the morning and afternoon sessions yesterday. As the week continues the interest seems to grow and the programs rendered are of such a nature as to bring fourth the loudest praise from those who attend.

The big attraction of yesterday was the Ben Greet Greet players, who presented Shakespeare's "The Taming of the Shrew" in a manner that met with the approval of each and every individual present. Mr. Greet has earned the reputation which he enjoys of being one of the greatest living authorities on the English drama, and his name is internationally recognized, as a household word, because of his remarkable productions of Shakespearean plays.

The actors in the Ben Greet company play their parts in such a way to depict the various characters as nearly as possible as Shakespeare conceived them. They dress in the costumes of the time in which they were written, but they carry no scenery with them, depending entirely upon character production, correct diction and faultless pronunciation to produce their effects.

The drama was preceded by Sutphen's Metropolitan Music Men, who put on a delightful program of novelty, music, using trombone, cornet, chimes and Italian harp.

In the afternoon Dr. J. W. Crook, the morning lecturer appeared before the audience and with an interesting and instructive lecture enlightened his hearers on the subject of "Socialism." The Sutphen's Music Men gave the musical prelude.

German Folk-Lore stories at 10:00

This morning Miss Jones gave the o'clock, while Prof. Crook gave an educational lecture on "Child Labor, a Recognized Evil." This afternoon The Alfred Hiles Bergen Co. will give a musical prelude and Hon. Jas. G. Stutesman, former United States Minister to Bolivia who will speak on the subject of "International Peace" but especially as relates to the relations of the U. S. to the countries of South America. At the evening performance which will begin at 8 o'clock, The Alfred Hiles Bergen Co. will give a grand musical entertainment. Mr. Bergen the leading artist of this splendid company is one of America's leading grand opera baritones. Mr. Charles Lurvey the pianist, is recognized as the world's greatest accompanist. A young Russian violinist, who has been in this country but twelve weeks, having made his escape from a German prison is making a decided impression on his audiences.

The program for tomorrow is as follows:

Morning—Boy Scouts.
Children's Hour — Scandinavian Folk-Lore Stories (In Costume.)
Educational Lecture— "Industrial Crises and Panics."
Afternoon — Full afternoon Band Concert, Sand's Regimental Band.
Evening—Full Evening Band Concert. Sands' Regimental Band.

Today at the Olympic—Eleventh chapter of "Who Pays," "The Fruit of Folly." The best serial ever produced in Monessen.

Federal League Magnate Sends Regards To Friends

Manager L. L. Vaughn of the Independent base ball team wrote to the management of the Pittsburg Federals in an effort to secure the league players for an exhibition game here. He just received an answer to his letter and Manager William M. McCullough regrets that he has no open dates to offer the locals but hopes to give them a date next season. He also stated that he would like to come here as he has numerous friends in the local Elk and Eagle lodges and asks to be remembered to his old friend Al Shuster.

New Records

Manager Thomas Laforte of the American Talking Machine company, announces two new double disc records that will meet with the approval of the local public. One is No. 1780 with "Those Charley Chaplin Feet" and "If You Can't Get a Girl in the Summer Time." The other is No. 1783 with "Are You the O'Reilly" and "Norway." Both of these records sell for 65c. You are invited to hear them at the American Talking Machine Parlor at 249 Schoonmaker avenue. 38

Free Ice Cream For Picnickers

Next Wednesday wil be the date for the Monongahela Valley Press Association outing at Eldora park and final details are now being worked out. At the park the management and a large corpse of helpers are putting things in shape to entertain a big crowd. People are expected to attend from all along the valley from Fredericktown, where "Phil" Hileman is boosting the affair with his Fredericktown Chronicle to Monongahela, with its two newspapers and Elizabeth with its Elizabeth Herald.

Features at the park will include foot races, baseball throwing contests, quiot matches and various other atletic events. Contests for the girls and women are being arranged by the central committee in Charleroi.

Arrangements have been made for serving free ice cream to children under 14 years of age and coupons are being printed in the various newspapers. The ice cream is being furnished under a special arrangement with the Universal Ice and Cold Storage company located at Monongahela. This is a new concern that has recently opened up a large plant from which it expects to supply a large Monongahela valley trade. The coupon that will appear in this paper will entitle any child of 14 or under to free ice cream at the park on the day of the picnic.

Gave Lawn Fete

Miss Gertrude Landers delightfully entertained the members and friends of the Speedwell Literary Society at her home on Reed avenue last evening, the affair was in the form of a lawn party. The lawn was beautifully decorated with Japanese lanterns and the club's colors, blue and gold. Several members of the club rendered readings, vocal and instrumental music. Games were played and every one enjoying themselves to the utmost. At a late hour the hostess served the guests with a delicious lunch. All the guests at their departure voted Miss Landers a very charming hostess.

Big Peach Crop

A. W. Kelly, the Webster peach king was in town yesterday and reported that this will be the banner season for peach crops. He estimates that from his farm he will have about 600 bushels of the finest fruit ever grown in the upper Monongahela valley.

Tomorrow, Friday at the Olympic theatre, the big Universal program of feature pictures. Nuf ced.

National Pike Boosters Meet

If the National Pike does not eventually form a part of the coast tocoast highway now under consideration by congress, it will be no fault of the five hundred or more boosters who will assemble at the Summit Hotel, Uniontown, this afternoon at 1 o'clock for the purpose of firing the opening gun in the movement to induce the government to use the Pike in preference to the Lincoln Highway.

This movement, starting originally in the Washington Chamber of Commerce, spread rapidly through the towns and cities along the pike in Western Pennsylvania, Maryland, West Virginia and Ohio, with the result that a monster meeting was planned for today and a program arranged, in which the question will be throughly discussed and many able speakers will take part.

This meeeting is by no means confined to those who are directly interested. On the contrary, the committee in charge made it most emphatic that it was for the general public that as many as could possibly attend were earnestly desired to do so.

The advantages to be derived by the towns along the pike by having the old road made a part of the coast-to-coast highway are too numerous to mention, and are no means confined to the garages along the route. Hotel men, merchants and others would profit by the increased traffic, to say nothing of the benefit to those who own cars.

Bid On Piano

The Faultless W. F. Frederick piano used during the week at the Redpath-Brockway Chautauqua will be sold to the person making the highest bid. This piano is a high quality instrument and has never sold for less than $350.00. Each and every person attending the Chautauqua this week will hear the tone of this piano. Quality only, is value, it could not be better. Mail or leave a sealed bid with the W. F. Frederick Piano Co., corner Third street and Schoonmaker avenue. All bids must be in by August 2, 1915.

Ellsworth Plays Here Saturday

Saturday afternoon the fast Ellsworth team of Washington county will be the attraction at the Page park, the game to be called at 3:45. Manager Vaughn and Captain Wilson were dissatisfied over the showing of the team last Saturday when they lost a listless game to Ardmore and a number of changes in the lineup are promised for the game this week. It is probable that two new faces will be found in the lineup and Dan Ryan will be on the mound.

The Ellsworth team has a just claim on the championship of Washington county and they are anxious to take a fall out of the locals. They will bring their strongest lineup here and it is probable that several members of the Charleroi team will play on the team.

The local management is making arrangements for two twilight games with the Monongahela team for the championship of the Monongahela valley. The Mon City boys have defeated a number of good teams this season and like the local Independents have elminated the Charleroi team from the championship contest with two defeats. The Independents will travel to McKeesport for two games on August 21.

John D. Miller Here

John D. Miller of Hempfield township was in town yesterday in the interest of his campaign for the office of County Controller on the Republican ticket. Mr. Miller needs no introduction to local people and is always made at home when he visits the town. He counts his friends here by the hundreds and there is little doubt that at the primaries he will be well taken care of. He was a member of the county commissioners when the contract was let for the Monessen-Pricedale road and local residents have always felt themselves indebted to him for his efforts in securing this badly needed improved highway.

Mrs. H. O. MacDonald and son Paul of McKee avenue who are spending the summer at Carmichaels were here last evening to attend the Chautauqua.

Two Meat Market Men Assessed Heavy Fines

Police court was enlivened this morning by the appearance of E. Feldman and H. Wind, two local meat market men, who were charged with creating and maintaining a nuisance at the corner of Twelfth street and Morgan avenue. Both men have appeared before the burgess on similar charges and were warned but evidently failed to take any heed of the warning.

Two neighbors were present at the hearing and testified that garbage, saw dust and the offall of chickens were burned on the lot by the meat market and filled their homes with a stench which they could not endure. Health Officer Clendenon was called and gathering up a package of the garbage exhibited it at the hearing. Both men denied their guilt but the burgess decided that they were guilty and assessed a fine of $20 and costs amounting to $26.

Mr. Wind became rather huffy and told the burgess while he had the pencil in his hand he might add a few figures and the burgess complied with the request with an additional $5.00. Feldman argued with such force that he secured a remittance of $5.00. Both men were warned that a repitition would mean the full penalty with a fine of $25.00 and costs.

Beards in Russia.

It is curious to note that in Russia the beard has always been an object of repute. An ordinance which Yaroslaf, son of Vladimir and legislator of Novgorod, then the capital of Russia, published in 1015 exemplifies this. By this law any one plucking a hair from a neighbor's beard was subjected to a punishment four times more severe than that inflicted for cutting off his finger.

A Chinese Superstition.

It is a superstition of the Chinese that a sneeze on New Year's eve indicates misfortune for the coming year, and to overcome this he is obliged to go to three families of different surnames and beg from each of them a little cake shaped like a tortoise, which must be eaten before midnight.

Labor.

Those favored few who by their rank or their riches are exempted from all exertion have no reason to be thankful for the privilege. It was the observation of this necessity that led the ancients to say that the gods sold us everything but gave us nothing.—Charles Colton.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

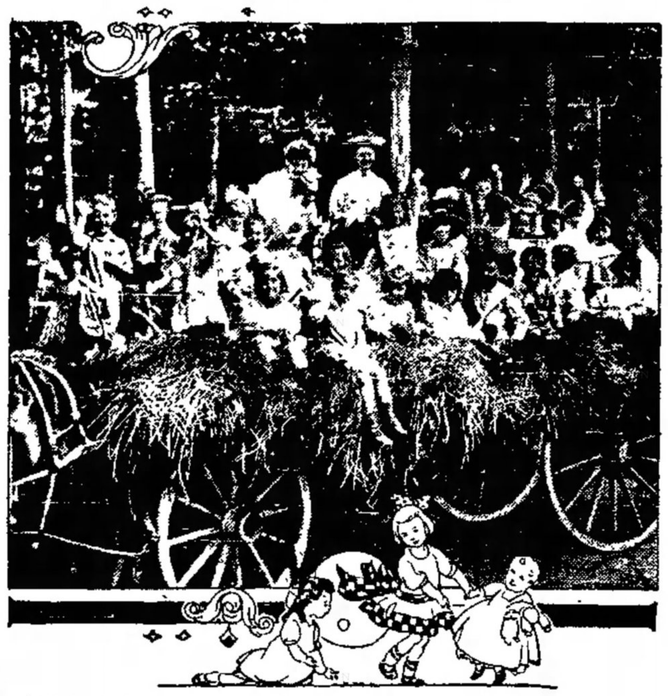
The Straw Ride



Kiddies find Chautauqua Institution a veritable paradise. They are provided with day nurseries, kindergartens, playrooms and a big outdoor Playstead with sand piles and running water Boys have a clubhouse and the girls do too Straw rides and sunset picnics are a part of each day's program. Chautauqua, New York state, takes care of the whole family.

A CHILD'S PARADISE.

All Ages Cared For by Trained Attendants.

No summer resort in America plans more carefully for the children whether babies, half grown, or youngsters of twelve to eighteen, than does the big institution at Chautauqua, New York.

A great kindergarten nursery is provided for the little ones, with plenty of sunshine and fresh air. Here young women who are training themselves in the Summer School to become kindergarten teachers give them the best attention. Babies can be checked here like luggage, and the tired mother who wants to be free for the whole day can leave her baby in the morning and call for it at night, with the surety that it will be well fed and cared for.

A playground and elementary school take care of older children who must be kept busy at something, half study and half play Then the great Playstead, with its steep, rocky walls for fencing, and its big piles of pure white sand, and its running brook makes the best sort of a place for children to romp and paddle about in.

The older children have an out of doors gymnasium in which are the usual collection of see-saws, ladders, natural slides, climbing poles, chinning bars and merry-go-rounds. Over 900 children are registered in the Summer School classes which are graded for all ages, and where individual instruction can be given if needed.

Studies of birds and animal life are emphasized, when squads of youngsters are taken for long walks over the hills or picnicking about the grounds. The Boy Scouts are most active in their program under a fine headmaster. And the Boys' Club House and Girls' Club House offer a fine place for gatherings, whether in the daytime or in the evening.

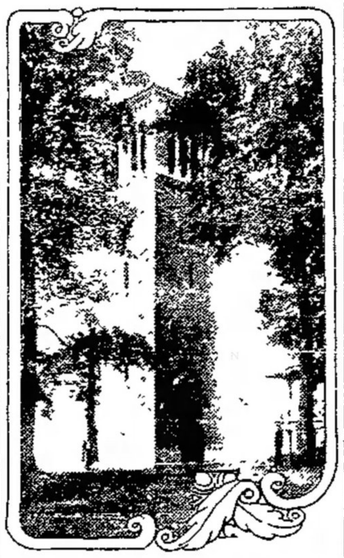
Few summer resorts cater to "family trade" as does this famous Chautauqua. Its object is to give happiness and health to every member of the family.

America's Greatest Music Festival at Chautauqua, N. Y.

Chautauqua Assembly at Chautauqua, N. Y., with its "twenty thousand friendly folk" has become America's greatest summer center for popular music. A chorus of 500 voices under the direction of Arthur Hallam is trained each season This, with the Russian Symphony Orchestra with its full personnel of seventy-five musicians under the direction of Modest Altschuler, will be the chief attraction this year. Music Festival Week comes Aug. 8-15 and a large and varied program will be given by this famous orchestra and the equally famous chorus, including such famous operas as "Aida," "The Messiah" and "Parsifal." Also a dozen other programs at which such soloists as Ernest Hutcheson, pianist; William Wade Hinshaw, celebrated baritone of the Metropolitan Opera Company, New York city, and Sol Marcosson will appear. Hundreds of people make an annual trip to Chautauqua during Music Week for this festival on account of the low price of admission and quality of the program.

TOWER OF CHIMES.

The bell tower erected in honor of Lewis Miller by Mrs Thomas A Edison, his daughter, and other children. A huge set of Meneely chimes tell the



hour, toll the curfew and play over popular airs and hymn tunes for the "20,000 friendly folks" at Chautauqua, N Y. Its cupola offers a splendid view of Chautauqua lake.

Religious Conference Program at Chautauqua, N. Y.

Religious interest at Chautauqua Institution, Chautauqua, N. Y., has always been a "live" rather than a dominating factor in that remarkable assembly which Theodore Roosevelt has called "the most American thing in America."

Bishop Vincent, the founder, always attracted the oldest and most sincere men from all walks of life for his famous sixty day forum program, whether they were ministers or statesmen or presidents of the United States.

Most summer assemblies are either operated by some religious sect as a philanthropy or are launched as a commercial enterprise pure and simple Chautauqua institution, however, was carefully kept on a nonsectarian basis from its very beginning in 1874. Every denomination has been invited to its platform and church houses are at present maintained by Congregational, Methodist Episcopal, Presbyterian, United Presbyterian, Protestant Episcopal, Baptist Disciples, Unitarian and Lutheran societies

Dean Shailer Mathews of Chicago Theological seminary and president of the Federated Council of Churches has charge of the religious department, its lectures and study courses. Other famous preachers such as Dr. Frank W. Gunsaulus, president of Armour Institute, Chicago, Bishop Charles D. Williams, Episcopal bishop of Michigan; Bishop Francis J. McConnell of Denver, Dr. Samuel P. McCormick, University of Pittsburgh, take part at Chautauqua, N. Y.

SUMMER PLAYERS AT CHAUTAUQUA, N. Y.

Wonderful Amateur Company Produces Best Plays With Settings of Burlap and Pasteboard.

Few stock companies have ever attracted as much attention as the amateur company of Chautauqua Players, which produce the best obtainable plays, both modern and classic, in the big auditorium at Chautauqua, N. Y

M. Benedict Papot, who is an instructor of languages at Chicago university, directs the company of twenty and, with the common combinations of burlap and pasteboard backgrounds, obtains effects that are pronounced marvelous by the best critics.

M. Papot has long been known as the "best amateur stage director in America" and has a wonderful capacity for contriving scenic effects. He is a hard worker and during the Christmas vacation took his company to New York city, where they produced their repertoire under the auspices of the House of Play Foundation, at St Mark's church on the Bowery

The New York Times gave them high praise, and their stay had to be prolonged to repeat several productions.

Everywhere there is now a great vogue for amateur theatricals and for simplicity in stage effects. Chautauqua has taken the lead in this respect, and her players have won applause wherever they have gone.

Pinero's "Sweet Lavender," Clyde Fitch's "Nathan Hale" and Grundy's "A Pair of Spectacles" will be given this season.

WOMEN INDORSE CHAUTAUQUA

Strengthened and Encouraged by It, Declares Noted Club President.

"From Chautauqua, N. Y., I go back to the million women of the General Federated Women's Clubs strengthened and encouraged and tell them of that place where a woman can be reinvigorated and sent back home proud of that noblest profession—being a woman," said Mrs. Percy V. Pennybacker, president of this largest organization of women, in a recent interview.

"Women everywhere are taking a live interest in public affairs, civic and social administration. Their minds are open to gather facts. At Chautauqua they find the greatest preachers, the best teachers, famous writers and statesmen.

"The democratic air of comfort and informality brings speaker and audience closer together. The rolling hills, the pleasant walks, the bracing high land lake air strengthen the careworn This combination makes every one glad they are alive, whether woman or man or child."

Summer Schools at Chautauqua, N. Y.

For many years registration in Chautauqua's Summer Schools has annually exceeded all previous records. The reason is obviously in the excellent service which is given by the corps of university teachers and instructors along professional lines. Two thousand four hundred students and more were registered during July and August, 1914. The institution supplies 110 instructors, according to their regular catalogue. Ten college buildings and 300 separate courses are available Nine hundred children are cared for in classes under their special department.

These schools were organized in 1885 by President William R. Harper of the University of Chicago and have since set an example which has been the standard for nearly all the great summer schools of this country.

Twenty scholarships entitling the holders to Summer School privileges are given out annually to teachers in Ohio, Pennsylvania and New York Bishop Vincent's motto, "Education Ends Only With Life," has a real meaning for most people at Chautauqua. Men and women of all ages, one or two being in the eighties, are registered in the Summer Schools. All show a keen interest and a youthful enthusiasm.

CHAUTAUQUA.

What the Word Means and Where It Came From.

An Indian chief pulled a big muskellunge from the cool waters of a twenty mile lake and properly called it Chautauqua lake. Bishop Vincent and his coworker, Lewis Miller of Akron O., sought a beautiful point on its shores for their convention of Sunday school teachers in 1874. And with Bishop Vincent's popular ideas for educating folks of middle age and teaching them how to enjoy life the place grew into an institution at Chautauqua N. Y., that is now world famous.

The name is borne by five towns in Illinois, Kansas, New York, Texas and Washington, by many industries in western New York state, by apartment houses in New York city and by a sleeping car and a ferry on the Hudson. The name has been adopted by 3,000 popular imitations of the "original Chautauqua." The majority of these travel from place to place on a "circuit" and are managed on independent bureaus in the same way a circus is handled.

Chautauqua Institution has been incorporated on the spot made famous by Bishop John H. Vincent and is continued as an educational and philanthropic enterprise by a board of trustees under the presidency of his son, George E Vincent, president of the University of Minnesota.

The world's greatest public forum and one of the world's largest summer schools are held here during the summer months of July and August.

The Record in Monessen is a Unique One

If the reader has a "bad back" or any kidney ills and is looking for an effective kidney medicine, better depend on the remedy endorsed by people you know. Doan's Kidney Pills have given great satisfaction in such cases. Monessen citizens testify to this. Here is a case of it:

H. R. Wilbur, 131 McKee avenue, Monessen, says: 'I contracted a heavy cold which affected my kidneys. My back was sore and lame all the time and I had to have help to turn in bed. My whole body was like a board. I often had to have somebody dress me. Shooting pains darted through my body and I could not do my work. My body became bloated. The secretions were profuse in passage and contained sediment. I had dizzy spells and hot flashes, and I was miserable in every way. I doctored for years but didn't improve. The first box of Doan's Kidney Pills relieved me and two boxes practically cured me Now and then I take Doan's Kidney Pills as a tonic, and give them credit for keeping me well."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wilbur had. Foster-Milburn Co., Buffalo, N. Y.

Greensburg Young Men Injured In Auto Accident

Six Greensburg young men who left the county seat yesterday morning on an auto trip to Cleveland and other Ohio towns met with an accident near Butler, which resulted in the wrecking of the car and injury to all the occupants. The car was being driven by Jacob Truxall who in making a quick turn to avoid hitting a calf turned the car with such force that the rear axle was broken and the machine overturned. William Brown one of the occupants of the car was so badly injured that he was removed to the Butler hospital with little hopes for his recovery. The other members of the party were Harry Blansett, Richard Kopp and Julian Truxall, Jr.

THURSDAY of course the 11th chapter of "Who Pays" which picture is followed not only by the Monessen people, but by the best people of the entire valley, and 4 other Universal fine pictures.

FRIDAY we have pictures of the strongest and best companies of America, Imp's 2 reels, Victor's 1 reel, Nestor's 1 reel, comedy all under Universal company and Balboas great productions.

SATURDAY—Wonderful day. 1st. Bison's 2 reels, "The Toll of Sea Diving." 2nd. Powers, "The Stranger," 1 reel drama. 3rd. Joker, "Freaks" with Max Ashe and Gale Henry, every one knows what these two star comedians means, smashing the records everywhere. 4th. Animated Weekly with its daily and weekly news and the world's famous cartoonist Meyers, and one of Pathes great cartoon comedy. I, the manager of this theatre am wondering how this is possible, how can we handle such famous stars daily in Monessen, while in the large cities such as Pittsburg, Philadelphia, etc., only are handling either 4 reels daily or one subject of 5, 6, or 7 reels, then they are charging 15, 25 and 50 cents admission, with no better accommodations, than the small Monessen has.

But we must admit that partly we owe it to our good patrons when they become almost professors in the moving picture line and they know how to appreciate a good thing when they see it. I was astonished today, talking to our ticket seller with her fine ideals in every line, and upon my question, where did she get these ideas, the answer was, by attending the pictures daily. The people yet do not know what they are missing by not following closer the moving pictures, the Universal school in every line. Let us hope that you will do so in the future for a mutual benefit.
